Library, University of Northern Iowa, Cedar Falls, Iowa 50613

The *Proceedings* from 1887-1979 contain over 300 biographical notes on Iowans and on others associated with the Academy. Some of these individuals are not found readily in the standard biographical sources; for others, the notes found in the *Proceedings* present different aspects of their careers. No biographical notes were found in some early volumes, only one or two notes appeared in 18 volumes, and little has appeared since 1974.

Index entries with an asterisk lack a photograph or a bibliography. Many of the other notes include photographs, but bibliographies appear much less frequently. Only birth and death dates are given in the 1970 entries.
